Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 1 resident and 3 staff members test positive for COVID-19.

As you might be aware, and as we have previously communicated, CMS has distributed guidance for nursing facilities to allow visitors. While we are so excited to for you to see your loved ones and to have you back at our facility, there are many factors that determine when a facility can open up for visitors, up to and including our county's COVID-19 positivity rate, residents' health status, or if there is a COVID outbreak in the facility. Please be assured we are working hard to create visitation plans that will allow you to visit your loved ones as soon as possible, but we need to make sure the visits can be done safely. We will let you know as soon as those plans are in place.
